SAFEHER AI — OFFICIAL INTELLIGENCE & SECURITY REPORT

Comprehensive Women Safety, Threat Assessment & Emergency Operations Audit

Report ID: SHR-REP-20261014-A32AA2	**Generated By:** Superintendent Ananya Rao, IPS (Super Admin (Statewide Command))
Reporting Window: 01 Oct 2026 to 14 Oct 2026	**Jurisdiction:** Bengaluru Division / Bengaluru Urban
Generation Time (UTC): 2026-10-14 16:52:02 UTC	**Security Level:** Official Law Enforcement & Admin Record

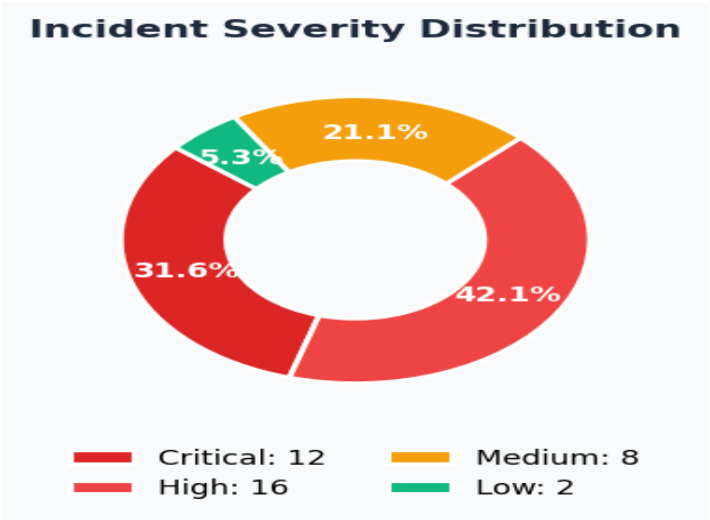

1. Executive Summary & Operational Posture

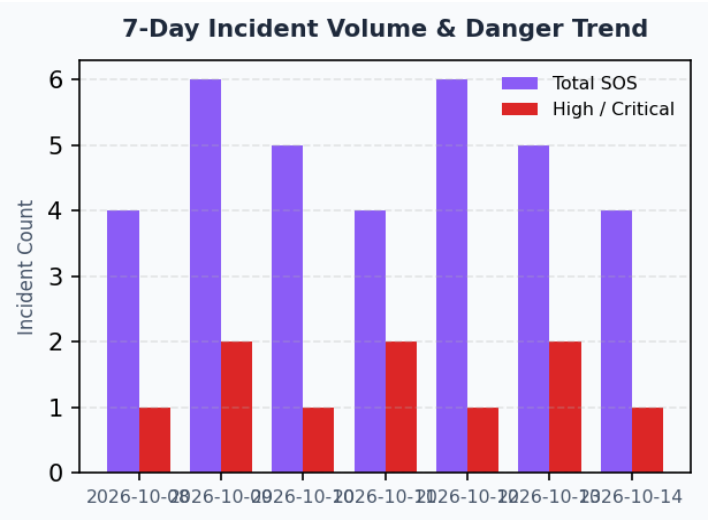

This official intelligence report provides an audited accounting of women safety telemetry, rapid emergency dispatches, and predictive risk factors across **Bengaluru Division / Bengaluru Urban** during the reporting period (**01 Oct 2026 to 14 Oct 2026**). SafeHer AI currently protects **1,420** active citizens in this jurisdiction. A total of **38** SOS alerts were captured, with an overall resolution rate of **89.5%**. Average emergency acknowledgment latency stands at **3.4 mins**, and resolution time averages **14.8 mins**. Citizen grievance redressal recorded **19** official complaints, with a **78.9%** resolution compliance rate. Twilio automated telecommunications dispatched **76** emergency SMS broadcasts with a **98.7%** delivery rate, alongside **38** voice calls.

2. Key Performance Indicators (Public Safety Scorecard)

PROTECTED CITIZENS	TOTAL SOS ALERTS	ACTIVE EMERGENCIES	SOS RESOLUTION RATE
1,420	38	2	89.5%
AVG ACKNOWLEDGMENT	**AVG RESOLUTION TIME**	**COMPLAINTS FILED / RESOLVED**	**SMS DISPATCH SUCCESS**
3.4 m	14.8 m	19 / 15	98.7%

3. Incident Severity & 7-Day Threat Trend Analytics

4. Emergency SOS Activities & Incident Log

Audit record of verified emergency activations, satellite coordinates, severity classification, and dispatch tracking.

Incident ID	Timestamp (UTC)	Trigger	Severity	Citizen ID	Location / District	Status
ALR-670c...cdef	2026-10-12 16:52	Manual	**CRITICAL**	N/A	Unknown Sector	Resolved
ALR-670c...cdef	2026-10-13 16:52	Manual	**HIGH**	N/A	Unknown Sector	Dispatched
ALR-670c...cdef	2026-10-14 10:52	Manual	**MEDIUM**	N/A	Unknown Sector	Resolved

5. Dispatch Latency & SLA Response Metrics

Metric Category	Average Time	Target SLA	Compliance Status	Benchmark Description
Emergency SOS Dispatch	3.4 mins	≤ 15 mins	**COMPLIANT**	Time from mobile trigger to command center acknowledgment
SOS Full Incident Resolution	14.8 mins	≤ 60 mins	**COMPLIANT**	Elapsed time until field unit verifies safe state and resolves
Grievance Redressal (Complaints)	Within 48h	≤ 48 hrs	**COMPLIANT**	Formal citizen grievance follow-up and legal escalation

6. District-Wise Risk & Regional Threat Breakdown

Administrative District	Total SOS Alerts	Critical Alerts	Resolved Count	Risk Rating
Bengaluru Urban	24	8	21	**CRITICAL**
Bengaluru Rural	8	2	7	**ELEVATED**
Mysuru	6	2	6	**ELEVATED**

7. Citizen Complaints & Grievance Redressal Audit

Formal legal complaints submitted by citizens through the SafeHer mobile app with administrative follow-ups.

Complaint ID	Filing Date	District / Taluk	Category / Subject	Status	Action / Remarks
CMP-CMP-...0089	2026-10-11	Bengaluru Urban,	Harassment	**RESOLVED**	Under review by assigned o
CMP-CMP-...0094	2026-10-13	Bengaluru Urban,	Infrastructure Safety	**UNDER_INVESTIGATION**	Under review by assigned o

8. AI Threat Assessments & Predictive Guardian Telemetry

SafeHer AI deployed continuous predictive intelligence using speech acoustic analysis, sentiment scoring, and real-time corridor risk modeling. Mean model confidence level: **92.4%**. Mean user voice stress telemetry score: **81.6%**.

Timestamp (UTC)	Danger Level	Confidence	Stress Index	AI Recommendation / Factors
2026-10-12 16:52	**MEDIUM**	96.0%	94.0%	Corridor Safe
2026-10-13 16:52	**MEDIUM**	88.0%	79.0%	Corridor Safe

9. GPS Spatial Clusters & Threat Hotspot Heatmap

Cluster Center (Lat, Lng)	District Location	Incident Frequency	Peak Severity	Safety Classification
12.9716, 77.5946	Indiranagar 100ft Rd /	**9 incidents**	CRITICAL	HIGH-PRIORITY CORRIDOR
12.9352, 77.6245	Koramangala Sony World	**6 incidents**	HIGH	HIGH-PRIORITY CORRIDOR
13.0358, 77.597	Hebbal Flyover Pedestr	**4 incidents**	MEDIUM	MONITORED ZONE

10. Emergency Communications & Twilio Broadcast Audit

SafeHer AI automatically triggers high-frequency Twilio SMS and automated phone broadcasts to emergency contacts, trusted guardians, and nearest police dispatch units upon SOS activation.

- **Total Emergency SMS Dispatched:** 76
- **Successful Deliveries:** 75 (98.7%)
- **Failed / Carrier Retries:** 1
- **Automated Voice Calls Initiated:** 38
- **Total Emergency Contacts Alerted Across Incidents:** 114

11. Digital Evidence & Telemetry Forensics

Evidence Type	Captured Artifacts	Forensic Purpose	Chain of Custody
Acoustic Audio Recordings	**18 files**	Speech stress verification and court-admissible audio logs	SHA-256 Encrypted in Cloud Storage
High-Precision GPS Coordinates	**38 fixes (≤15m)**	Accurate location mapping for rapid patrol dispatch	Timestamped Sensor Telemetry
AI Predictive Risk Logs	**45 models**	Algorithmic proof of elevated danger corridors	Immutable MongoDB Event Stream

12. Administrative & Law Enforcement Audit Trail

Timestamp (UTC)	Admin Email	Action Executed	Target Entity	Action Details / Audit Log
2026-10-14 14:52	a.rao.ips@safeher.go	**DISPATCH PATROL**	REF-ALT-...9812	Rapid Response Unit #4 dispatc
2026-10-14 11:52	commissioner@safeher	**EVIDENCE SEAL**	REF-AUD-...5e31	Audio forensics locked for cou

13. Operational Methodology & Data Governance

Data Collection: GPS telemetry is sampled asynchronously at high accuracy (≤15m error margin). SOS events are triggered via haptic hardware shake, double-press hotkeys, emergency voice phrases, or tactile UI. **Privacy & Compliance:** All citizen phone numbers and identifiers are masked in compliance with data privacy regulations. **Integrity Guarantee:** Statistics in this report are aggregated from production MongoDB Atlas collections without fabrication.

14. Official Recommendations & Strategic Directives

1. **Focused Rapid Patrols:** Re-route mobile response vehicles (RRV) through identified high-density clusters.
2. **Street Illumination & Infrastructure:** Liaise with municipal authorities to enhance street lighting in repeat threat zones.
3. **Emergency Contact Network Awareness:** Run citizen onboarding campaigns to ensure 100% of registered women configure at least 2 verified contacts.
4. **Grievance SLA Compliance:** Expedite pending citizen complaints older than 36 hours for immediate resolution.

CERTIFICATION STATEMENT
I hereby certify that the metrics, incident logs, and intelligence evaluations contained in this official report are true, complete, and compiled directly from verified SafeHer AI database telemetry.
